Happy Halloween!

May you all get lots of Treats and Not Tricks!

Below is my Halloween Cactus! It has been going strong for 15 years, always blooming in time for Halloween!!

October has been a very busy month for BGC. I want to thank Diana for filling in for me at both the Executive Board Meeting and Membership Meeting! I am sorry I missed Carol's Ikebana demonstration; BGC members showed their true creative abilities, making their own.

The Daffodil Committee had two very successful bulb sales at Mount Hope Farm. Planted sooo many bulbs around Town AND managed to smile through it all!

The Civic Beautification Committee continues to make all the Gardens around town healthy and beautiful.

Congratulations to Gail Burmeister, Finalist at the New England Garden Clubs, Inc. Photography Show, 'Just A Light Dusting'. Gail captured a stunning moment in Bee time!!

The BGC 250 committee is off to a great start. Many ideas are blooming! Next year at this time, we will celebrate, along with the Town, the additions to MPG and the garden's historical significance to Bristol.

Cheers to all, Mary-Fran
