

September 2025 President's Newsletter

September has been glorious!

Working in the gardens has been so much more pleasant than hot, hot July and muggy, hot August!

The Bees have been very busy making the flowers shine!

Our Tea at Blithewold was splendid. Jana Milboker gave a wonderful talk on her tours and musings of the Gilded Age Gardens of the East Coast!

Thank you to Linda Sheehan and Ann Costa for the lovely Fall arrangements. Karen Aveson and Dodie Tschirch worked with Blithewold to create a lovely and delicious Tea. Robyn Borges was spot on in knowing we all would be interested in the Gilded Age Gardens Presentation!

Mrs. Perry's Garden was the site of another Weed & Feed, the most popular way to get our hands dirty and enjoy garden chores. Thank you Hope and Maggie for telling us how much fun we are having while weeding, raking and filling the truck with bags and bags of cuttings. Two truckloads!! The snacks are always appreciated. Thank you to our helpers David Howe, Gwiz, and Rick.

Art in Bloom at Plum Beach

Maggie Rezendes entered a beautiful arrangement, and Kathy Thomas offered one of her stunning paintings as inspiration. A nice representation from the BGC!

These are just some of the wonderful things the Bristol Garden Club members are involved with. Work has also continued at the Library, Annawamscutt Fire Station, and the Bristol Post Office. We get so many compliments on all our endeavors. Thank you to all for your hard work and dedication.

See you in October.... Daffodil Planting Time!!

Cheers,

Mary-Fran
